

LABOR FORUM WINS A NOMINAL VICTORY

Will Be Allowed Two More Meetings in Washington Irving School.

EDUCATION BOARD ACTS

The Board of Education yesterday afternoon decided to allow the Labor Forum to continue its use of the auditorium of the Washington Irving School until June 1, when its permit expires. The attitude of members of the board was antagonistic to the Labor Forum and the consensus of opinion was expressed by Thomas W. Churchill, when he said that rather than let the Labor Forum "pose as martyrs to free speech" he would favor allowing the next two meetings.

The resolution to allow the next two meetings was in the form of a report from the committee on care of buildings, which disapproved a resolution regarding the permit. This resolution was passed by the meeting two weeks ago.

Arthur W. Somers, former vice president of the board, made a motion to bar the Labor Forum from the school. "Regardless of what the testimony regarding the alleged insult offered to the flag on April 19 by James H. Maurer may have brought forth," said Mr. Somers, "the fact remains that when the flag was insulted the audience cheered. Free speech does not carry with it any license to slander. The board of education would not be faithful to the trust if it should pass this resolution favoring the forum, for we are sworn to safeguard our institutions."

Mr. Churchill, who has been in opposition to the Labor Forum throughout the agitation, defended the resolution and asked that the board decline to give the forum a chance to advertise its members as martyrs.

"The forum's permit has only two weeks more to run," he said, "and we ought never to put the members of a school of martyrdom. If we did they would advertise themselves all over the country. I shall vote to let them hold their next two meetings because we would not give them so much undue publicity."

Franklin H. Giddings, a member of the high schools committee, was also in favor of Mr. Churchill's plan of action.

"Free speech," said Mr. Giddings, "is the prerogative of the citizens of this country. I shall vote to let them hold their next two meetings because we would not give them so much undue publicity."

The resolution as offered by the committee on the care of buildings was amended on a roll call by a vote of 4 to 2.

FAKE MARRIAGE CHARGED.

Diamond Broker Arrested in Suit to Recover \$2,250.

Albert Stern, a diamond broker living at 114 West Fourth street, Brooklyn, was arrested yesterday by Deputy Sheriff Solomon on a civil complaint obtained by Mrs. Anna Nassberg in a suit to recover \$2,250, which she alleges Stern got from her by pretending to marry her. Mrs. Nassberg had an engagement to marry Stern at a Broadway department store the afternoon and took Deputy Sheriff Nelson along with her. When they found Stern he was buying clothing for a five-year-old boy.

When notified that he would be taken to Ludlow street jail unless he gave a bond, Stern asked Nelson to accompany him to the office of the National Surety Company to arrange for bail. At the surety company's office Stern called for a young woman stenographer to identify him and accuse the company that he ought to have a bond. When the young woman saw him she said, "Why, that's the man that married me."

After the arrest of Stern, the plaintiff said she met him in 1908, when he told her he was a diamond broker and bore such an air of refinement and respectability that she gave him confidence. He became attentive to her and on July 27 last wired her from Montreal to come there and be married. She went and an alleged ceremony was performed by a man introduced to her as "Rabbi Silbermann."

Before the marriage Stern had got \$100 from the widow and later induced her to lend him \$100 at one time and \$1,750 at another. She learned later that the marriage was a sham, she says, and she was not a rabbi in Montreal and Silbermann.

MISS GRACE PHELPS BETTER.

Writer Hurt by Auto in Resting Well in Hospital.

Miss Grace Phelps, who was struck by an automobile at 119th street and Riverside Drive Tuesday, was somewhat better yesterday. The doctors at the Knickerbocker Hospital, where she was taken by the driver of the car which struck her, were encouraged by the fact that she was able to be moved from the ward where she was first placed to a private room. She is not yet out of danger, however.

Her sister, Miss Kazia Phelps, came from her home in Philadelphia when notified of the accident, and the skull of the accident. Though the skull is fractured, her mind is clear, and she knows those about her, except when the influence of the opiates that she is given to ease her suffering.

Before her work as a writer, Miss Phelps was helping in preparations for the annual meeting of the General Federation of Women's Clubs, in New York City.

Summer CAMPS

For Boys and Girls

Let the New York Sun help you solve the problem of placing your boy or girl in a camp this summer.

EPISCOPAL BISHOP OF VIRGINIA IS REBUKED

Activities in Latin America Arouse Displeasure of the Board of Missions.

CHASE FEATURE EVENT

Arrangements have been made for a special train that will reach Belmont Park Terminal on Saturday in time to allow the members in the preparedness parade to see five of the seven races on the card of the United Hunt Steeplechase Association meeting. This has been done to accommodate the Stock Exchange and Cotton Exchange members and other Wall Street men who are equally interested in racing and preparedness.

Specials will leave the Pennsylvania Station at 12:35 and 1:35 for the regular racing crowd and a third special for the members will leave at 2:20. This will reach the terminal in plenty of time for the Hunters' championship and the Great United Hunt Steeplechase, which are set for 4 and 4:30 o'clock, respectively.

With 253 entries the meet on Saturday promises to be the greatest of its kind in the history of thoroughbred racing in America. Seven races are on the card for Saturday, including five handicap events, in which the pick of the crack thoroughbreds now in training will carry top weights. The feature event of the opening day is the Great United Hunt Steeplechase, a handicap for four-year-olds and upward, at about two and one-half miles, for which a purse of \$5,000 and a handsome trophy are offered. This race has drawn forty-one entries, a record for this country.

The board of missions of the Episcopal Church yesterday rebuked the Right Rev. William Cabell Brown, Bishop-Coadjutor of Virginia, for accepting appointment to the continuation committee which is to carry on the work begun by the Panama Congress for Christian Work in Latin America.

Before the Panama Congress convened there was heated discussion as to whether the bishop should be represented at all, and when it was finally decided by the board that delegates should be sent a number of prominent members resigned. They were the Rev. Dr. William T. Manning, rector of Trinity Church, this city; the Rev. Seiden P. Delaney, dean of the Cathedral, Milwaukee; and three Bishops, the Right Revs. Reginald H. Weller of Fond du Lac, Wis.; Alfred Harding of Washington, D. C.; and M. M. Williams of Matanzas, Cuba. The controversy over the proposed congress was a grave affront to the Roman Catholic Church which had set out on similar work.

After the resignation of these members the board instructed its delegates that they were to be present for "conference and not for cooperation." Bishop Brown went under these instructions.

At the quarterly meeting of the Episcopal board yesterday the Right Rev. Bishop Arthur S. Lloyd, also a delegate to the Panama Congress, announced that Bishop Brown had accepted appointment to the continuation committee. He read a letter from Bishop Brown in which the latter said he believed himself justified in accepting the appointment not as a representative of the board of missions but as an individual who was most interested in Christian endeavor in Latin America.

The resolution of rebuke was drawn up by a committee consisting of the Right Rev. David H. Greer of New York, the Right Rev. Joseph M. Francis of Indiana and Julian T. Davies, a New York attorney. The resolution read:

"Whereas the authority and powers of the delegates of this board expired with the congress, and

"Therefore, the Board of Missions desires to record its judgment that the Coadjutor Bishop of Virginia, in accepting appointment to the continuation committee, did so as an individual, and not as a representative of the board, but as an individual."

"Whereas the authority and powers of the delegates of this board expired with the congress, and

ASK ROCK ISLAND HEARING.

Minority Stockholders Want Congress to Halt Foreclosure.

COLUMBIA SHELL SHIPPED.

Columbia's varsity crew took a day off yesterday and watched the baseball game between Stevens and the Blue and White Nine. The only form of exercise Coach Rice permitted his men to indulge in was to wrap up the shell Francis S. Bangs and ship it by a tugboat to Philadelphia. The squad will leave for the scene of the American Henley this morning and will row on the Schuylkill twice today and tomorrow with a probable paddle Saturday morning. Manager Manager Walker, Coach Rice and Assistant Coach Plaster will make the trip.

The boys are out to win back that which Coach Rice last night said "They have trained faithfully and feel ready to row just as fast as Annapolis, Pennsylvania or Princeton wants them to." The difference between the crew and last year's eight is the difference between night and day. Capt. Bratton has instilled all the spirit into his men that was characteristic of the 1915 crew, which is regarded as the best eight in the world. It is on this spirit more than anything else that I base my hope for victory.

"Experts have told me that it is a smooth working crew, a crew that knows how to apply its strength in order to get the most out of the stroke," said Mr. Bratton. "I can teach them, but I can't teach them how to feel toward the possibility of victory. It is that which they have learned themselves. Confidence and courage can mean the difference between victory and defeat when the eight seems as evenly matched as do those which will row Saturday. We have both."

John Sanford has let it be known to the breeding fraternity of this country and of Canada that The Curragh, a horse imported from Great Britain last season, may serve mares from other farms. Mr. Sanford's object is to help as far as he can to make good the tremendous losses the thoroughbred family has sustained since 1908 through the shipping away to Europe, South America, Africa and the Far East of several million dollars worth of valuable stallions and mares. The horse he offers for public service is eminently qualified for the task to which his owner has set him.

The Curragh is of the best blood of the British and Australian thoroughbred families. His sire was the Derby winner St. Simon and one of the best Derby winners in a quarter of a century, through whom he inherits the blood of Carbine and Munket, the same blood Roamer, our smartest racer last season and the season before, gets through Knight Errant, Curragh. The Curragh's dam was a daughter of St. Simon, the son of St. Simon and Helios, she a daughter of Blavatsky by Isomby. There are few horses of merit in either the United States or Great Britain or France which do not claim in some degree the blood of St. Simon and Isomby.

FORDHAM HAS GOOD WORKOUT.

Maroon Nine Beats Public Service Team by Score of 10 to 1.

In place of the practice game between the varsity and second varsity teams scheduled for yesterday on Fordham for public service is eminently qualified for the task to which his owner has set him.

The Curragh is of the best blood of the British and Australian thoroughbred families. His sire was the Derby winner St. Simon and one of the best Derby winners in a quarter of a century, through whom he inherits the blood of Carbine and Munket, the same blood Roamer, our smartest racer last season and the season before, gets through Knight Errant, Curragh. There are few horses of merit in either the United States or Great Britain or France which do not claim in some degree the blood of St. Simon and Isomby.

ARMY FOOTBALL SQUAD OUT.

More Than Fifty Candidates Going Through Drills Twice Weekly.

WEST POINT, May 10.—Army football men are holding spring practice. Over fifty candidates have reported to Lieut. Philip Hayes, the Army's football representative, and workouts are being held twice a week on Wednesdays and Saturdays. Cadet McKean, captain of next fall's eleven, is working hard with the men also.

Kicking, punting, forward passing and catching the ball will be the programme for a while and as the work is to continue a fortnight longer it probably will include some dummy scrimmaging as well as prizes and cups for saloons. Plans for the motor boat races are now in the making to be run from the clubhouse on Long Beach.

The fishing touches have been completed on the reconstructed golf course, upon which three new holes have been added, and in addition the entire course has been lengthened over 350 yards. The par of the course will be increased five strokes.

The first golf tournament will take place on May 27, 28, 29 and 30. Deception day's handicap, in three classes, a cup to be given to the winner and runner-up in each division.

The competition for the Woodmere tennis challenge cup, in both singles and doubles, will take place during the week beginning July 10.

The tennis championship of Long Island in women's singles and doubles under the auspices of the U. S. N. L. T. A. will be completed for the week beginning July 30.

From all appearances the athletic activities of the club will surpass anything attempted by it in former years.

CANOEISTS MAY CAMP OUT.

Palisades Commission Decides to Allow Tents on River Bank.

If certain provisions and regulations are observed canoeists may have the privilege of using the Palisades as a camping ground, it was decided by the Palisades Interstate Park Commission. A meeting will be held Monday night at Cox's Boathouse, Dyckman street and the Hudson River, at which the canoe clubs along the Hudson River will be represented by a committee of twenty men. At this meeting rules will be adopted to govern conditions on the camping beach for the season.

Following the recent action of the commission in prohibiting all camping on the New Jersey shore below Excelsior dock, near Alpine, N. J., a number of canoeists sent petitions to the commission requesting permission to camp on Canoe Beach, at Hermit's Point. The numerous requests for permits led the commission to reconsider its prohibitive order with the result that it agreed to issue permits to canoeists on condition that they abide by regulations laid down to them.

Women's Hotel Directors to Meet.

MARE RUNS AWAY IN RACE ON SPEEDWAY

Eugene Carpenter Narrowly Escapes Injury When His Trotter Seeks River.

Eugene Carpenter had a narrow escape from serious injury yesterday when Catherine P., his bay mare, ran away in the final heat of the 1:11 trot at the matinee of the Road Drivers Association of New York at the Harlem Speedway. The runaway occurred in the final brush of the afternoon and brought to a close a rather dull series of races. Catherine P. started to climb the side of the track, but was caught by the side of the track and overturned the sulky, spilling Carpenter to the pavement. Foreman Casey stopped the runaway little more than a yard away from the grandstand. Carpenter was shaken up, but was unhurt, with the exception of a few minor bruises.

There were eight races on the day's card and an exhibition against time. A. J. Opps Sr. Thomas made a time trial in the 1:11 pace class and went two heats, both in 1:18. Three of the races were won by the same horse, the ultimate winner came through after finishing second in the opening heat. The Trip won the first of the extra heat affairs, the 1:07. Morton Morton had to go three heats to win the 1:05 pace. Morton Morton had to do the same to carry off the honors in the 1:15 trot.

SIDNA ALLEN AIDS POLES.

Contribution Recalls Shooting Up of Virginia Court.

The shooting up of the Carroll county Circuit Court at Hillsdale, Va., by the notorious Allen gang was recalled yesterday when the Polish Victims Relief Fund, in this city, received \$2 from a clerkman of Richmond, Va., which he had forwarded from Sidna Allen, head of the gang.

This contribution which your committee will receive will be more noteworthy than this, which comes from a man who is generally looked upon as the head of the Allen gang, and who has been a clerkman of Richmond, Va., which he had forwarded from Sidna Allen, head of the gang.

This contribution testifies most eloquently to his (Sidna's) kindness of heart and his Christian spirit. The money was earned by him by doing extra work above his daily task. He sends it with the hope that it may aid in helping to feed some of Poland's starving people."

It was on March 14, 1912, that Floyd Allen, a member of the Allen clan, stood up in the Circuit Court in Hillsdale to defend himself. His kinsmen stood by the rail. Judge Massie sentenced Floyd to one year in jail. The words had barely been uttered when a series of shots rang out and Judge Massie, William Foster, attorney for the Commonwealth; Dexter Lewis, clerk of the court, and Sheriff Louis Webb fell dead. Jurors scrambled for safety, but only two of them escaped unhurt, and one was mortally wounded.

Floyd was wounded by the Sheriff and was unable to escape. Two other kinsmen, headed by Sidna, forced their way out and into the mountain fastnesses. The hunt for them lasted weeks. One by one they were captured. Floyd was hanged and the others were sentenced to imprisonment.

WOMEN TO SWIM FOR TITLE.

Troops Will Decide Who Is to Go West for Championships.

Arrangements have been completed for the holding of the first women's swimming championships, under the sanction of the Amateur Athletic Union. The different events will be distributed among clubs of the states where interest in aquatic competitions is strong. The two day swim was awarded some time ago to the Arrow Swimming Club of San Francisco and the following calendar dates for indoor championships were announced yesterday by Frederick W. Rubin, chairman of the A. U. championships committee: 220 yards, to Hixson Swimming Club, Atlantic City, May 29; 50 yards, to Philadelphia Turngemeinde, June 3; 150 yard back stroke, to the fancy diving, Southern Pacific Association, Los Angeles, date to be decided later.

So that the best Eastern women swimmers may be represented in the 100 yard championship at San Francisco tryouts will be held. The Philadelphia Turngemeinde will conduct a trout on June 2, 1916, the winner will have her expenses paid to compete in the championship on the coast on Independence Day. A similar contest for New York, conducted similarly in June by the National Women's Life Saving League and the best girl sprinter will be selected for the race at San Francisco.

Insights for athletic work during the last year at the College of the City of New York were awarded the executive board of the A. A. yesterday. Varsity letters were won by only five men, namely, Ralph, who has been a member by several score of athletes. Arthur Murray, a sprinter on the track team, Joseph Baber of the water polo and swimming squads, and John K. Baber and Raymond Lease of the basketball team and David Bosworth, swimmer, received their varsity letter.
